RESIDENCIES. RENTALS. RETREATS.

FACILITY INFORMATION

WELCOME TO OUR HOME

Established by celebrated choreographer Stephen Petronio in 2017, Petronio Residency Center is a retreat in which to study, work, and experiment while cut loose from the overbearing pressures of day-to-day living. It is situated 2.5 hours north of New York City on 177 acres in the Catskill Mountains.

“The power of being surrounded and cradled in green, natural and protected space is at the heart PRC. This is a rare place to disappear, to investigate in quiet tranquility as well as be energized by a natural habitat and organic gardens that supply the retreat.”

-Stephen Petronio, Founder and Artistic Director
